

PAINT X

PAINT REMOVER

Paint-X is a solvent-based, non flammable, instant paint remover which conforms to IS 430.

PRODUCT CHARACTERISTICS

PROPERTIES	SPECIFICATIONS
Type	Solvent based
Colour	Off white
Toxicity	Non toxic
Non-volatile content	3 – 5%
pH	Neutral

USES

Suitable for household, industrial, automotive and marine applications
| Wood and metal surfaces.

BENEFITS

Starts to remove paint in 5 minutes
| Non flammable | Non alkaline and non corrosive | Deep penetration, hence removes multiple layers in a single shot | Can be used in vertical surfaces also
| Less evaporation rate | Available in both tin and spray type containers.

SHELF LIFE & STORAGE

Best before 12 months in an unopened, undamaged, originally sealed packing and if stored in dry conditions
| Protect from direct sunlight.

COVERAGE

20 sq.m/ litre (variable to paint thickness).

DIRECTIONS OF USE

Shake well before use and apply liberally over the paint surface by brush or by spraying | Use general precautionary measures as done during regular painting
| Wait for 5 minutes or until top layer peels and scrub the paint with a putty knife
| For stubborn paint residues, apply Paint-X over them once more and remove in about 2 to 3 minutes | If the paint film is too thick, Paint-X may take additional time to penetrate and the surface may need another coat.

NOTE

Don't use on plastic/polymeric surfaces
| Don't dilute the material with any solvent.

HEALTH & SAFETY PRECAUTIONS

Use rubber hand gloves & safety goggles | In case of contact with skin, wash with plenty of water
| Keep out of reach of children.
