

# WOOD PRO WHITE

## PREMIUM WHITE WOOD PROTECTOR & PRIMER

Wood Pro White is a solvent based protection coating for wooden articles from borer and termite attack.

### PRODUCT CHARACTERISTICS

PROPERTIES	SPECIFICATIONS
Type	Solvent based
Appearance	White
Specific gravity @ 27°C	1.00 – 1.05
Non-volatile content	3 – 5%
pH	Neutral

### USES

Wood Pro white is used to protect raw wood, wooden furniture and plywood, veneered products.

### BENEFITS

100% protection against borer and termite attack | Fungal and algae resistance | Protects wood from water absorption | Resistance to bio degradation | Protection from weathering and ageing | Suitable for painting, varnishing, polishing and waxing | Non staining clear coat.

### SHELF LIFE & STORAGE

Best before 12 months in an unopened,

undamaged, originally sealed packing and if stored in dry conditions

| Protect from direct sunlight.

### COVERAGE

200 sq.ft / litre.

### ADVANTAGES

Eco-friendly and safe to use | Protects wood by preventing infestation | Prevents wood from easily absorbing water.

### DIRECTIONS OF USE

Make sure the wood surface is free from oils and dusts | Apply wood pro over the clean surface by brushing / spraying | Allow 3 hours for drying and then apply coat | Wood pro can be added to glue mix during plywood manufacturing.

### HEALTH & SAFETY PRECAUTIONS

Use rubber hand gloves & safety goggles

| In case of contact with skin, wash with plenty of water

| Keep out of reach of children.
